City of Chilliwack Road Work Permit
Additional Terms and Conditions

Attachment 2

November 2013

This sketch is a Traffic Control Plan for temporary closure of Airport road west of Yale road only. Yale road will require a closed left turn lane NB to prevent the public from entering the work zone on Airport road; Centre lane of Airport road WB, east of Yale road, must turn left. NOTE: The attached permit request duration is based off all works related to the Midtown Development; therefore, another more detailed drawing will be forthcoming the week of February 6th, clearly identifying the traffic control plan for all other intersection work.
