◆◆	SIGN FLAGS	▭	FLASHING ARROW BOARD (FAB)
▬	BUS PARKING	🚌	EXISTING BUS STOP
▬	WORKZONE	🚌	RELOCATED BUS STOP

DRAWING SPECIFIC NOTES
- TCPs to hold Traffic to allow Walk Participants to use crosswalks;
- Walk Participants to obey crosswalk signals at crosswalks/intersections.
- Delineators will be placed as to not interfere with access to businesses.

GENERAL NOTES
- All traffic control shall conform to the MOTI Traffic Management Manual for Work on Roadways 2015
- Signs shown are representations only and the MOTI Catalogue of Standard Traffic Signs should be used for detailed sign design
- Dimensions shown are in meters and are the minimums except as otherwise indicated
- All permanent signage that will conflict with this site will be covered or removed while the works are in effect
- Active Work Zones and Hazards shall be delineated to protect workers and the travelling public
- Maximum distance between cone/delineator/barrel should be 10m
- Tubular markers and signs will be double based and well secured during windy conditions
- **Distances may be adjusted due to urban block length**
- These pages are best printed on a Tabloid (11x17) page size
