**To:** Goran Awny  
**Subject:** Benkelman and Cores

Hi Goran,

I am approving your road permit but have the following comments and conditions:

- Spadina – top priority
- Vedder -Chilliwack Lake Road to Keith Wilson Road (please attempt to get their this week as Fortis may be working here next week)
- Yale – Main to Princess **only** can be done **4pm-6pm** due to other major construction in the area at five corners.
- Industrial Way – Old Orchard to Progress Way – cannot be done on March 18 as Progress way will be undergoing paving and this will lead to too much delay for traffic. I will let you know if their schedule changes for any reason.
- Old Orchard Road – cores to only be taken in area with existing curb and gutter to the east.
- Wellington (your map shows Benkelman and cores east of Mill Street which is an area currently under construction) Please only keep work zone between Mill Street and Cook St. Also work can **only** be done between **4-6pm** due to other major construction in the area at five corners.

Permits to follow shortly.

Thank you,

**Colette McDiarmid, ASCT** | Senior Roads Technician
