a Green One!

GREEN DIVERSION STATIONS

WHAT ARE THEY?

Green diversion stations are each a set of **4 plastic containers** that can collect all of the waste generated at an event.

WHY MAKE YOUR EVENT GREEN?

Because it shows that you are a leader in environmental responsibility and helps **prevent materials generated from going to landfill.**

WHAT MATERIALS ARE COLLECTED?

ARE THEY FREE?

The stations are available on loan from the City of Chilliwack to residents hosting small or large events. They are **FREE** to rent (just a security deposit is required)!

Stations **must be returned clean and in the same condition as when they were picked up.** Payment for the security deposit can be made by credit card or cheque at the City's Collections front counter. Reimbursement will be made via cheque.

HOW MANY STATIONS CAN I LOAN?

The City has **7 diversion stations available** for loan. You can rent as many as you like, but make sure you plan in advance to ensure that we have enough stations on-hand for your event!
