CLIMATE ACTION REVENUE INCENTIVE PROGRAM (CARIP) PUBLIC REPORT For Reporting Year = 2013

Community-Wide Actions

L.1 MEASURE	ANSWER	ADDITIONAL INFORMATION
Community Wide Measurement Actions QUESTION Have you been using the Community Energy and Emissions Inventory (CEEI) to measure progress? What else have you been using instead of/in addition	Yes	ADDITIONAL INFORMATION
to CEEI?		
1.2 PLAN Community Wide Targets	ANSWER	ADDITIONAL INFORMATION
QUESTION Do your OCP(s) have targets, policies and actions to	In Progress	A target and actions have been adopted and
reduce GHG emissions, as per the requirements under the <i>Local Governments Act</i> (LGA)? If yes, please identify the targets set. If no or in progress, please comment.	G T	are being included in the OCP as part of an overall OCP update process that commenced in 2012. The adopted target is to reduce community greenhouse gas emissions by 20% per capita from 2007 levels by 2020.
L.3 REDUCE		
Supportive Community-Wide Actions		
Supportive Community-Wide Actions Broad Planning (e.g. creation/revision of OCPs, CEPs,	Actions Taken in 2013 Continued update of OCP, which incorporates	Proposed Actions for 2014 Continue OCP update process, including a
transportation plans)	greenhouse gas reduction targets and measures.	review of policies related to climate change.
Building and Lighting (e.g. developed green building policy, increased density in the downtown)	Supported densification as per the Downtown Land Use Development Plan and facilitated through the Downtown Revitalization Tax Exemption Bylaw. Supported more energy efficient apartments through reduced DCC's.	Continue measures to encourage densification
Energy Generation (e.g. signed on to provincial 'solar ready' regulation, explored options for bioheating for buildings)		
Green Space (e.g. developed urban forestry policy, adopted park acquisition policy)	Encouraged urban tree canopy through Tree Management Bylaw.	Continue to encourage urban tree canopy.
Transportation (e.g. developed sustainable transportation plan, completed bicycle master plan)	Promoted a two-week bike to work challenge.	Continue with the bike to work challenge.
Waste (e.g. introduced composting and recycling education programs)	Continued review of organics diversion options.	Continue organics diversion assessment.
Water/Sewer (e.g. participated in water smart initiatives, implemented Water Action Plan, introduced rebates on low flush toilets)	Issued rebates on low flush toilets and sold discounted home water conservation kits and barrels.	Continue water conservation measures.
Other Actions Direct Community-Wide Actions		
Community-Wide Direct Actions	Actions Taken in 2013	Proposed Actions for 2014
Buildings (e.g. implement use of sustainability checklists and development permit guidelines for new buildings) Energy Generation (e.g. implement district energy,		
geothermal, solar) Transportation (e.g. implement bike lanes, pedestrian paths, upgrade transit service and infrastructure, improve roads, parking fees etc.)	Two additional buses were added to transit system to extend high-frequency transit corridor to the north and south, plus extend hours of operation, resulting in 65,000 additional riders in 2013. Install two electric vehicle charging stations. Install new bike lanes and sidewalks.	The Fraser Valley Regional District, in partnership with the City of Chilliwack, City of Abbotsford, and BC Transit, have approved the launch of the Fraser Valley Express bus service. The service will connect Chilliwack and Abbotsford with Langley, offering valley residents access to Metro region transit services. Annual ridership is predicted to be 130,000 per annum.
Waste (e.g. introduce composting and recycling programs)	Installed a landfill gas collection system at the Bailey Sanitary Landfill. Staged Waste Reduction Week events with retailers and schools. Promoted two Community-wide Garage Sales to encourage reuse.	
Water/Sewer (e.g. implement water conservation and reduction initiatives)	Enforced summer watering restrictions.	Continue watering restrictions.
Green Space (e.g. plant trees, conserve forest etc.) Other Actions	Planted street trees.	Continue urban tree planting program.
1.4 COMMUNITY-WIDE INNOVATION Is there any activity that you have been engaged in	Answer	
over the past year(s) that you are particularly proud of and would like to share with other local governments? Please describe and add links to additional information where possible	The installation of the landfill gas system at the Bailey Sanitary Landfill will significantly reduce waste-related greenhouse gas emissions.	

CLIMATE ACTION REVENUE INCENTIVE PROGRAM (CARIP) PUBLIC REPORT For Reporting Year = 2013

Corporate Actions

2.1 MEASURE Corporate Measurement Actions	Answer		
QUESTION What steps has your local government taken toward completing its corporate emissions inventory (e.g. corporate assets identified related to energy and fuel data and calculated GHG	Corporate inventories were completed for the years 2008-2010 and 2012-13.		
emissions from energy use)? What tool are you using to measure, track and report on your corporate emissions (e.g. SMARTtool, other tools including excel spreadsheets)?		inventory using an excel spreadsheet developed to cial reporting requirements.	
2.2 REDUCE			
Supportive Corporate Actions			
Supportive Corporate Actions Broad Planning (e.g. developed corporate	Actions Taken in 2013	Proposed Actions for 2014	
climate action plan)			
Building and Lighting (e.g. developed energy reduction plan for all corporate buildings)	Changed out several exterior lights on the City's water and sewer stations from HID to LED. Commenced an HVAC upgrade on all of the water and sewer stations to automate and monitor building temperatures.	Continue with an HVAC upgrade on all water and sewer stations to automate and monitor building temperatures.	
Energy Generation (e.g. undertook feasibility study of green energy generation for civic buildinas) Transportation (e.g. created anti-idling policy for city vehicles, bike to work week promotion)	Promoted a two-week bike to work challenge.	Bike to work challenge.	
Waste (e.g. completed waste audit of City Hall)			
Water/Sewer (e.g. completed study of sewer and water energy use)	Conducted a leak detection exercise for an area of the water sytem to determine water losses	Continue leak detection efforts to minimize water losses	
Other Actions	water 1033e3		
Direct Corporate Actions	Actions Taken in 2013	Proposed Actions for 2014	
Building and Lighting (e.g. energy efficiency retrofits to municipal buildings)	Completed duct cleaning of 3 City-owned facilities.	Upgrades to lighting at Twin Rinks. Fortis BC audit on the Chilliwack Landing Leisure Centre to determine a plan on how to save on natural gas consumption for the building. Duct cleaning in two buildings. Possible upgrades to the Heating and Ventilation system at Evergreen Hall.	
Energy Generation (e.g. implemented heat recovery systems, solar) Fleet (e.g. anti-idling policies for fleet vehicles, purchasing of hybrid)	Switched to more economical, fuel efficient diesel engines that use 60% less fuel	Continue fleet efficiency measures.	
Waste (e.g. introduction of composting and recycling programs and education) Water/Sewer (e.g. initiated water conservation and reduction initiatives)			
Green Space (e.g. planting of trees)	City staff planted 259 large caliper trees (6-8 cm) and volunteers at the Great Blue Heron Nature Reserve planted 50 small potted trees in 2013.	City staff plan to plant approximately 280 large caliper trees in 2014.	
Other Actions			
2.3 CORPORATE INNOVATION	Answer		
Is there any activity that you have been engaged			
in over the past year(s) that you are particularly			
proud of and would like to share with other local governments? Please describe and add links to			
additional information where possible.			

You MUST fill this in for the 2013 reporting year.

CLIMATE ACTION REVENUE INCENTIVE PROGRAM (CARIP) PUBLIC REPORT

For Reporting Year =

Prior to completing this section, please ensure that you are familiar with the "Becoming Carbon Neutral guidebook" available on the BC

BC Climate Action Toolkit Website

2013

Carbon Neutral Progress Reporting

**Inventory and offset information to be provided in Final Report **Annual corporate emissions using SMARTTool or equivalent inventory tool **Emissions from services delivered directly by the local government **Emissions from contracted services **CHG Freductions being claimed for this reporting year from Option 1 - GHG reduction project **GHG Freductions being claimed for this reporting year from Option 1 - GHG reduction project **GHG Freductions being claimed for this reporting year from Option 2 - GHG reduction projects **Boats Thermal Solution geterofits and Fuel Switching **Solar Thermal Household Organic Woste Composting **Low Emissions Vehicles **Bessel Stall Option 2 Projects Implemented (insert title of the projects(s) as per project plan template.
